

TRIMMER CRS-101

This state-of-the-art machine of spectacular design has a professional blade that allows you to easily retouch any cut. It is lighter and more manageable than conventional trimmers and has a powerful and quiet motor.

Features & Benefits

This compact design utilizes lithium ion technology, that provides 180 minutes of run time from just a 60-minute charge. It features four cutting heads for precision detailing, and a 4-position adjustable comb. There are 3 LED indicators for speed and 3 battery charge levels.

What should I use the Trimmer for?

Suitable for close lining and edging, the CRS-101 has a Super smooth blade designed for a close cut. This hair trimmer offers superior cutting action with worldwide voltage.
