

CORIOLISS

WIDE ZEBRA BLACK / DARK COPPER

The Corioliss WIDE styling iron has been designed with larger and wider plates. With our modern features and salon standards, the WIDE gives you another option for professional styling whatever your needs and hair types!

Features & Benefits

Professional titanium plates allow faster styling with less damage and glide effortlessly over the hair. The LED temperature display shows the working heat, adjustable for your own unique style with x6 heat stages all with separate color indicators, 130-230°C. The WIDE also features dual voltage circuitry and safety sleep mode.

What should I use the Wide Iron for?

It is ideal for use with more thicker, voluminous hair types, you can control them in an easier way. For best results in keratin treatments, this is a best seller in salons. Titanium plates are best for maintaining consistent high heat, needed for an even sealing of the straightening product and the larger plates make the process faster.
