

ARC DRYER

2400W at your service in a futuristic tool that barely weighs a thing and makes virtually no noise. Its high-end motor belongs to the latest generation of BLDC motors with a magnetic clamping system. This eliminates friction and guarantees versatility and high energy efficiency. You will be impressed by its features and benefits.

Why is it different?

Because it is more efficiently engineered, has an ion generator and has a longer lifetime. It is a quiet, lightweight and ergonomic hairdryer, a dream for those who work long hours in the salon. This tool becomes the most sought after hairdressing tool in the salon, saving time and effort by providing spectacular results without frizz.

What can I use it for?

For drying and styling any type of hair in the shortest possible time. Its high power allows you to work with the thickest to the finest hair, as it has 2 speeds and 3 temperatures and a cold air button.

Characteristics

Motor BLDC 2000W-2400W.

Ionic generator.

Silent 75DB.

Super powerful.

Maximum air flow.

Negative ion technology.

2 speed settings, 3 temperature settings.

Cold air button.

4 precision nozzles.

Professional 3m swivel cable.

Technical data

Reference	SUK1734EU
EAN	8474406575202
Voltage	220 - 240 V
Frequency	50 - 60 Hz
Power	2400 W
Air flow	100m/h
Weight	430g
