

CORIOLISS

C5 BLACK CHROME

The C5 integrates all the elements you can dream of in one tool: temperature control from 80° to 235°, choice of shut-off time, negative ion generation, silver particle care, dual voltage and the best plate material ever invented.

Why is it different?

Because its ergonomics is a work of engineering for you to work in maximum confort. The materials are of the highest quality and you won't find more advanced control systems. The efficiency is sensational.

What can I use it for?

What do you expect from your iron? You want it all: polished straight hair, soft waves, curls, setting treatments... this marvel is the star of the salon and a beast at home. Take care of your hair while developing your creativity.

Characteristics

Titanium plates.	Plates 24 x 100 mm.
