

CORIOLISS

C-SLIM

C-Slim has a compact, futuristic design and features titanium plates, digital temperature control and ionising technology to reduce frizz.

Why is it different?

It's the ideal straightener for creating detailed styles and working on specific areas of your hair, and of course for short hair. Temperature in 3 stages, 175°-195°-230°.

What can I use it for?

It is uniquely designed to comfortably work the less accessible areas of the hair and has all the top of the range Corioliss features: titanium plates, temperature control and ioniser.

Characteristics

Titanium crimping plates.	Plates 1,3 x 7,5 cm.
Ultra-smooth tilting plate .	
Temperature control in 3 stages: 175°-195°-230°.	
Silver particle nanotechnology.	
Warm-up time 30 seconds.	
Integrated far infrared heat.	
Automatic shut-off mode after 60 minutes of inactivity.	
Negative ion technology.	
Dual voltage.	

Technical data

Reference	SUK1608EU
EAN	8474406575127
Voltage	110 - 240 V
Frequency	50 - 60 Hz
Power	25W
