

CORIOLISS

C-TRIP

Don't be fooled by its size, this slimline marvel is an all-rounder. In just a few minutes you get that salon express straightening, with maximum smoothness and shine.

Why is it different?

Because it has all the features of its big sisters: titanium plates, temperature control, ergonomic design and, of course, dual voltage. Its soft touch finish is ideal for perfect handling, its heat up in seconds and takes up virtually no space in your luggage. Its integrated control ranges from 150° to 200°.

What can I use it for?

For straightening or creating waves on any type of hair, for touching up contours and also for straightening specific areas such as fringes.
