

CORIOLISS

CORIOLISSIMO

This dryer is pure power. The most robust and powerful Corioliss motor delivers 2500W to dry hair in record time. It is a salon staple.

Why is it different?

Because it's high-performance power in its purest form. It has a negative ion generator that reduces frizz and provides shine and silkiness. It has 3 speed controls, 3 temperature controls and cold air button to finish styles.

What can I use it for?

It is an ideal hairdryer for professionals who want a very powerful, high performance tool that reduces drying time. This AC motor is the star of hairdressing blowouts.
