

CORIOLISS

GLAMOUR WAND DIGITAL

It is the most comfortable and quickest curling iron to use: getting wonderful waves has never been so easy. From the sophisticated, well-defined wave to the tousled bohemian style, the Glamour Wand has a tapered barrel that gives you the desired shape in seconds.

Why is it different?

This professional conical curler features the most advanced technology, and incorporates a ceramic heating element, infrared heat and negative ion generator that eliminates frizz and static electricity. It has temperature control from 100° to 210°.

What can I use it for?

To make waves in a simple way. Choose to wave with different sizes, as you can roll the tresses in the barrel diameter that suits your taste. Finger tousling gives a more casual effect and leaving it unstyled gives a more pronounced shape.

Characteristics

Tourmaline and ceramic barrel.	Plates 1,3 x 7,5 cm.
Soft touch finish .	
Temperature control from 180° to 210°.	
Ergonomic design.	
Warm-up time 30 seconds.	
LED power ON/OFF.	
Automatic shut-off mode after 60 minutes of inactivity.	
Negative ion technology.	
3-meter 360° swivel cord.	
Dual voltage.	

Technical data

Reference	SUK1513EU
