

## THE CURLY

These tongs are the tool to define ultra soft waves or curls. Its ceramic and tourmaline barrel in 3 diameters gives you the freedom to choose the curl size so as not to limit your creativity.

### Why is it different?

Because they are incredibly advanced: they have a digital temperature control that varies from 80° to 210°, they heat up in just a few seconds...

What's more, their ionic effect means you can forget about static electricity once and for all.

### What can I use it for?

They are great for quick and easy star waves. They come with an ergonomic clip that helps you hold your hair in place for better control of your style. The finish is smooth, shiny and neat.

## Characteristics

---

Tourmaline and ceramic barrel.

Cylinder diameter 19-25-32mm.

---

Negative ion technology.

---

Temperature control from 80° to 210°.

---

Warm-up time 30 seconds.

---

3-meter 360° swivel cord.

---

Automatic shut-off mode after 1 hour.

---

LED On/Off indicator.

---

Dual voltage.

---
