

CORIOLISS

WHISPER

This new dryer is totally different, as for the first time you can enjoy 7 times more power than with other competitors, at a super light weight and with a really low noise level. Now you can have total control over frizz thanks to its ionic generator and you can achieve a salon finish in half the time .

Why is it different?

This hairdryer is totally different from conventional hairdryers thanks to its new BLDC motor. This motor has a considerably longer life span, a much lower weight, a low noise level and above all, incredible power.

What can I use it for?

For smooth and defined hair thanks to the variable power and temperature control. It is very easy to use thanks to its ergonomic and very light design, which makes it very comfortable to work with. In addition, it contains 2 nozzles and a diffuser that allow you to achieve any style whatever your hair type.
